Dear Nnamdi,

Thank you for the complaint on the 13th of July 2024. I was not actually aware that it was about myself. Thanks for meeting me to discuss your concern. We encourage you to express your feelings.

With regards to your complaints, we must be fair to all tenants. It is not about discrimination as you know this is a shared Accommodation.

I am aware you like to work on the dining table. All staff would ensure that all clients live together and we are protecting you as well as protecting the other tenant.

On this occasion, I feel if you move the other tenant without their consent on them been present and something got damaged, it will create a bigger problem for all concern.

I do hope you understand that we have responsibility to all of you and its our job to make sure you live together.

Thank you for raising your concern and I hope you are satisfied with my explanation.

Kind Regards.

Kate Ekwo.
