

Nnamdi(Me) Incident Report

I am writing this, because I am tired of Mary, and Allo when there are on shift., and would like to immediately leave **AK Supported** Housing. I am complaint not only of staff behaviour. Everything is an argument with Mary, and Allo can't stop molesting me.

Incident 1:

People Involved: Nnamdi(Resident),
Mary(Staff), Kate(Manager)

I recently bought a laptop, and a charger. When Mary was cleaning my room, I was half-awake on my bed. She stepped on my laptop wire multiple times tearing the plastic protector leaving an exposure on the wire on it. She was wearing some sort of high heels that punched my wire.

When I fully was awake, All I wanted was an apology, but instead got a heated argument. She argued that "it was my fault leaving it there, on the floor.", I told her to "apologies". However, she felt no need to apologies, and as Kate was their she was trying to back her up. As boastful as Mary was, Kate was trying to play mind games with me. Nowadys it seem like these people with children think they still know what best for the new generation of adult. I strongly disagree.

Just because they have kid at home, there have no right to tell me I am in the wrong, what to do as I to I am a grown man.

This was my first altercation with Mary involved.

Incident 2: Mary Cleaning down stairs:

When Mary was cleaning down stairs, and I was working she started to say I should go upstairs. She has already started cleaning, and was telling only me to go upstairs. She had not told any other resident to go upstairs.

As a matter of fact, she was only yelling at me saying that I should when Arron in the living room, and Paul are downstairs in the conservatory to go upstairs so she could clean downstair. Their something serious wrong with her because if she were to clean downstair she need not to share it with anyone or at least everyone. Everyone should go upstairs not just me, yet again Kate Is backing her up.

She hates me, she thinks she can control me. However, I did respect her wish and went upstairs, but never again. It seems that whenever she is here she has a deep hatred for me. She cannot do her job properly, because Lauren does the same cleaning, and everything is settled.

Incident 3: Mary ,Myself and the Stairs:

I was walking down the stairs and my legs bent backward to correct I leaned forward ,and accidentally stepped on mary slipper thus a chain reaction started which mary wobbled ,but did not fall. She was accusing me of doing it intentionally. I was heading to the go to number 9 to see how everything is.She yet again complained too much.She called said there is something wrong with me me. I called her stupid woman.There was that.

Incident 4: Allo and his molesting.

Allo says I have breast like a woman, he touch my chest. He say he don't why I have breast like a woman. That is rude and body shaming. When I go to touch his chest, he says don't you know I can be your father. He covers up this must end. I am tired of this. This is why I am leaving AK Supported Housing.

Incident 5: Ada ,Kristana.

When I First arrived to AK Supported to settle down on the first day. Kate was not available so I wanted to see ada the manager.

So I knocked, and Kristina said "come in". So, Ada yelled "get out". After Ada yelled get out, Kristina yelled "get out Nnamdi" so I closed the door.

Again , All I wanted is an apology from Ada and Kristina. However, later Ada denied yelling at me, saying that he did not yell at me . I was so angered because I reported this to a member of staff – wendy.

What next?

I want a different accommodation where I resident independent of staff – like most young people preferably alone. Check up to review are fine. I do not wish to live with these staff as everything is an argument.
